

Assessments

- **Planning / Effort**
- **Creativity / Originality**
- **Craftsmanship**
- **Composition**
- **Aesthetic**

Planning/Effort

The student developed concrete ideas before beginning the lesson; used class time appropriately, research and sketch turned in.

Creativity/Originality

The students pushed themselves creatively, striving to develop interesting and original pieces.

Craftsmanship

Construction and execution of skills show improvement and proficiency in techniques learned.

Composition

Project meets required criteria and exhibits clear examples of the principles and elements of design.

Aesthetics

The overall product is interesting and engaging to the viewer.
